

Brussels preferred Hotel list

The Meeting Centre proposes a list of hotels offering a discount* on the room rates displayed on the hotels' websites. This discount applies only to single & double rooms. The city tax is not included in the room price.

For some hotels, a special code is required to get the discount.

If you wish to benefit from the special discount, please contact the meetingcentre@cencenelec.eu to obtain the relevant information and the code where appropriate.

It is advisable to book at least *two weeks* in advance to guarantee the availability.

Due to many conferences and other activities in 2022 many of the mentioned hotels could be unable to guarantee the availability of rooms and the additional contracted rates will perhaps not be applied during the **BLACK-OUT DATES**. If you plan to come to Brussels at any time during these months, it is advisable to book early enough.

BLACK-OUT DATES 2022

Intensive Care: From 22-25 March

Seafood: From 26-28 April

*Discount on the **Best Available Rate** as from 10 % to 15 %
